

3rd Enfield Company—Weekly News Sheet.

PRICE ONE HALFPENNY.

922

Again we have another great win to our credit, this time against the Baptist Juniors, who were defeated by 4 - 2, on the general run of the play, I think the score was rather flattering - however, it is the goal which counts. The first two goals of ours were perhaps fluky ones, but the last two were well deserved.

Our defense was the better of the two, although our half-backs were not quite up to standard, and our forwards inferior. The latter have not quite yet got that combination which spells success. Warwick was put off his usual game by the opposing half-back. On the left wing Fegram and Wason played very well, and scored three of the goals (the former two and the latter one).

It was gratifying to see George Barton's efforts at last rewarded by a good goal. There is one big criticism I should like to make, and that is, in the passing, NEVER kick straight ahead, as nine out of ten times the opposing backs will be sure to get it. Always look to where you are going to pass, and get the ball in front of your fellow players but NEVER behind.

I hope by the time you get this, you will have secured two more points at the expense of our friends in Barnet.

OLD PROVERBS REVISED.

A. V. HAINFORD.

BIRD IN THE HAND IS WORTH TWO IN THE BUSH - A BADER ON YOUR ARM IS WORTH TWO IN THE SQUAD CASE AT HEADQUARTERS.
THINGS WE WANT TO KNOW:

1. Are all the OFFICERS in favour of holding Bible Class at 9.40am, and do they forego their Breakfast, or prepare the same themselves?
2. Was Mr. Frankling by any chance arrested on his way to our Bible-Class last Sunday morning?
3. Who has collected the most money during the B.D. Week, and will Captain Chopping give him a prize?

HISTORY OF THE 3RD (continued).

While speaking of the Sports Cup, I should like to point out that the 3rd have won the Cup each year there has been a 3 in the year's date, such as 1893, 1903, and 1913. Will the next time be 1923? Let us hope so, and 1922 as well. I think also that whilst in the same topic, it would be well to record some of our doings in these events. Just to show you chaps how important it is to train and have good advice, (I refer to the last year I was running - it would be in the year 1901, I think), the field was where the New Council houses are now standing. I had been beaten in the Company Sports in the 100 yards open and also in the 440 by a good natural runner in Sergt. G. Randall: during the training for this Monday sports he did not turn up, the result being that I beat him in both events. I ran third in the 440 and if I had got home first we would have won the Cup, but I ran with bad judgment running into 1st place too soon. This is where you Boys get better advice as to how to run: we had none that year (to be cont'd in our next issue).
