

3rd Enfield Company—Weekly News Sheet.

PRICE ONE HALFPENNY.

I must apologise for the non-appearance of our News Sheet last week, but really, beyond wishing the Company and its members a very happy and prosperous New Year, I had very little to relate. To ensure an issue every week it is really necessary for all to help with News and Articles.

BATTALION WEEK.

On Saturday Next, Jan 14th, Capt. Stanley Smith arrives in Enfield, and in the evening he will meet the Officers of our Battalion. I understand there is to be a grand tea, to be followed with a Conference. On Sunday, Jan 15th, the United Bible Class will be held at the Queens Hall Cinema, London Road, when Capt. Smith will address the Battalion. Monday evening there will be a Meeting at Ponders End for Church Workers. On the Tuesday we visit Edmonton Town Hall when the various Companies will put on a Display that will we hope astound the audience, and the Wednesday evening our efforts will be concentrated on giving our friends in Enfield a Grand Display in the Assembly Rooms. It will be a strenuous week, but we trust that the result will more than justify ~~our~~ our energy.

FOOTBALL

Our Team put up a capital display on Boxing Day against our old rivals the 1st Enfield, and although we lost 4-2, we gave our friends a good game. The game was played in real Cup Tie spirit, and proved very exciting at times, especially to our Officers in the enclosure. Each one of the Team played his very best which makes it difficult to pick out any particular player, but mention must be made of P. Pogram, who I think was the best player on the field, and scored our two goals. The result should be an object lesson to our Team. As the losers we extend our heartiest congratulations to the 1st. Particulars of tickets sold will be given next week.

SIGNALLING.

At 11.15 we have been able to squeeze in this branch of the Company, and in future a class will be held on Wednesday nights at Headquarters (Side Room) during No. 1 Co's Drill. At the moment I shall only be able to take those who started last summer, so commence getting your flags out and practice at home. We want some badges this Season.

A.V.E.

NEWS

On Wednesday last, the 6th Enfield recommenced at Southbury Road Schools. We wish this Company success, and trust that it will live to achieve great success. We shall always remember that it is an off-spring of the good old 3rd.

HISTORY OF THE 3rd

The 1st and 3rd were in the final in 1903 and 1904, and the 3rd won the Colours the first year they were competed for. In 1904 the 1st won three, and I believe I am right in saying that the next year the 4th were successful, the 1st and 3rd not entering by arrangement. The Competition was afterwards held each year in the Drill Hall, and I think I am correct in saying that the 3rd have won it ever since 1906. Keep it up 3rd. (To be cont'd)
