

THE BOYS' BRIGADE
3RD ENFIELD COMPANY

Sheet, No. 1.

May, 1921.

The reappearance of the Company "Rag" will doubtless be welcomed by all, - It will be issued weekly, and the price will be one penny. It is hoped that each member of the Company will avail himself of the opportunity thus afforded of procuring a permanent record of the various activities of the 3rd.

Suggestions and criticisms will be welcomed, and should be handed to Staff, Sargt. E. C. Wick, in writing.

WHIT-MONDAY'S SPORTS - What a glorious day. Although we did not have the honour of winning the coveted Sports Cup, we had the satisfaction of taking second place, and L. Cpl. J. Page now holds the Battalion Record for the 220 Yards Flat Race. It was a fine exhibition. Well done, Jim. Our congratulations are also due to Cpl. A. Grigg, Ptes. G. Tong, A. Barwick, and G. Chopping, all of whom "bagged" valuable points for the Company.

Swimming - It is most certainly not correct to say that our Officers are afraid of water. Truly only one was present at the Swimming Baths last Tuesday evening (and he did not stay in the water very long), but on future occasions you will, I hope, find quite a number of them either in the water, or enjoying the scenery from the side. So turn up in force boys, and try and coax them to enter.

AMBULANCE - The Competition is on Wednesday next at Christ Church Institute. Our Team has been working well, and we all wish them success.

CRICKET - The first League Match played, was won. Quite a good start, and I hope you will keep in winning form. In Cricket you cannot get too much practice, and you should practice fielding as much as batting and bowling. To save runs in the field is equal to making them when batting. When batting, make up your minds to stop all straight balls, and when they are off the wicket, then go for it.

AMES - Puttocks, Rounders, Basket-Ball, etc - this is quite a new idea, and the evening devoted to these games should prove very popular, especially to our younger boys. If you want a good evening, turn up at the top of North Enfield Rd' on Thursday evenings. What about running Inter-Platoon Competitions in these various games Capt. Chopping?

PROMOTIONS - We heartily congratulate the six boys who have been selected to go on trial for Promotion, and hope that each one will show, during the time he is on probation, that he is in every respect, worthy of the trust that is being placed in him, and of the highest honour the Company can give.

EDUCATIONAL TEST - This is arranged for Tuesday evening next in the Lecture Hall. A Scripture Knowledge Test is quite new to the Battalion, and we hope that the 3rd, will take the lead in this.
